FOR IMMEDIATE RELEASE

AUB’s University for Seniors Walk
advocates healthy life of dignity for older people

Under the title “For a Healthy Life of Dignity for older people”, the University for Seniors (UfS) at the American University of Beirut (AUB), on 22 September, held a walk with the participation of its members, friends, and their relatives from all ages and all Lebanese regions. This walk came within the initiative “AUB4Beirut Run” where the UfS was chosen by the AUB Alumni Office as one of this year’s beneficiaries of the initiative’s activities.

More than a hundred participants set off from the university gate to Manara on Beirut’s seaside, in a symbolic depiction of AUB’s role enlightening its community and connecting with it. The importance of this gathering lies in showing the positive image of older people. Branches of the AUB Alumni Association around the world will also organize walks in their countries in support of the University for Seniors.

The “AUB4Beirut Run” had been launched in September 2020, in the wake of the Beirut port explosion, to raise assistance for the community in Beirut, AUB’s Medical Center, and for the initiatives launched on campus. Since then, “AUB4Beirut Run” has become an annual world event that AUB alumni and friends from around the globe participate in. They run, walk, ride bikes, and perform other activities to help AUB support and heal the city of Beirut and AUB’s community and surroundings.
